Additional costs

The plan price is the minimum post-paid financial commitment for the plan you select. If the Fleet that you are part of exhausts the Fleet Pooled National Data Allowance, your Fleet will incur excess data charges at 4c/MB. Your Fleet administrator can purchase an optional Auto Data Block Add-on allowance of either 10 x 10GB or 10 x 25GB per month. Once the optional Auto Data Block Add-on allowances are exhausted the 4c/MB excess data charge applies.

The Exetel Business Mobile Broadband Post-paid Fleet plans also have a per service Spend Control limit setting with values ranging from \$0 to \$500 per month. If set to \$0, the individual service will not incur any charges beyond its monthly plan fee.

Minimum Contract Term

There is no minimum term for this post-paid service or Fleet, you can cancel any time without notice. You will be charged your monthly plan fee in advance each month and your excess or PAYG charges in arrears at the end of the month.

What is not included in these plans

This is a data only service. National talk, standard SMS and MMS cannot be used for calls and messages with this service. The included national data allowance cannot be used whilst overseas. This service is subject to the Exetel Mobile Acceptable Use Policy and Terms and Conditions: <http://www.exetel.com.au/terms>

Using Your Service Overseas

You cannot use your included mobile data allowance if you are overseas. If you want to use your Exetel Business Mobile Broadband Postpaid Fleet plan when overseas, you'll need to ensure your Spend Control limit is not set to \$0 so you may incur PAYG international roaming charges up to your Spend Control limit or purchase the MBB Travel Pack Add-on to use included roaming allowances for up to 5 days in selected countries. You can receive SMS whilst overseas for free. You can check and manage your roaming settings in My Exetel.

You will be charged at our roaming rates which are significantly higher than your data usage rate (note, roaming is only available for certain countries). To avoid surprises, see <https://business.exetel.com.au/mobile-fleet> for information on roaming, message and data rates or call our Sales Team if you are unsure.
